BUILDING MATERIALS

**LUMBER-MILLWORK
PLYWOOD-HARDWARE
ROOFING and
BUILDING SUPPLIES**

Useless home area such as this only subtracts from the beauty and value of your home. With only a few economical changes, it can become a useful work, play or leisure area for the entire family.

The unfinished cellar, attic or other spare room in your home does nothing for your home's appearance... its livability... or its value.

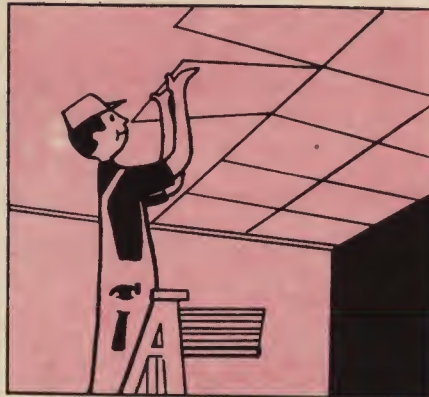

Any home handyman and his family can easily and economically convert this "waste" space into a handsome "living" area similar to the one pictured below.

This new family room will not only provide countless hours of recreation and leisure for every member of the family, but it will also save wear and tear on the other rooms in your home.

You may decide to use it as a TV room... a game room... party room... or as a combination of all. Anyway you use it, your new room will be the pride of the family.

Stop at our store soon, and let us show you how easily you can convert your spare room into a practical "living" family room.

ADD A FAMILY ROOM TO YOUR HOME...

Cover unattractive ceilings with one of a large selection of regular or accoustical ceiling tile - easy to apply, long lasting.

Choose from a huge selection of hardboard or wood paneling to cover present masonry or plaster walls. Large size panels apply easily, require little care.

*the
Do-it-Yourself
Way!*

The installation of gleaming, colorful floor tile not only greatly enhances the appearance of the spare room, but it also insulates the floor area (especially in basements or cellar-less rooms) for healthier living. Choose from many colors, patterns and materials.

DOUGLAS FIR PLYWOOD

**FOR REMODELING-
HOBBY PROJECTS-
JOBS AROUND HOME
AND DISPLAYS**

Fir Plywood is real wood, made by "unwinding" giant logs with mammoth lathes into thin sheets. In this unique way hundreds of feet of lumber can be gotten from the ordinary tree. These thin wood sheets are then inseparably cross-laminated to produce a rugged panel of wood that is easily worked into any shape.

This scientific production of plywood results in a panel large and light, yet strong, rigid and practically puncture-proof... an ideal building material for countless jobs, with all the natural beauty and versatility of wood.

Extra strength, comfort with walls sheathed in plywood.

For handsome wall cabinets providing extra shelf space.

Exterior plywood for strong, sturdy, waterproof boats.

Remodeling? Plywood for real wood paneling luxury.

CHICKASAW FACTORY-FINISHED OAK FLOORING

For new construction or as replacement flooring, factory finished flooring is made just for the job. Pre-finished flooring saves the work, mess and expense of floor finishing and it is far superior in both appearance and durability. Factory finishes accent beauty of wood grains and produces a soft, satiny sheen that resists abuse because it is "in the wood". Housewives find it easier to clean and keep clean. Whether you build or remodel, insist on prefinished flooring.

Less than the Cost of a Rug-Compare Prices

BLOCK FLOORING

Pegged Plank Type Flooring

MISTY WALNUT

MASONITE HARDBOARD PANELS
WITH A FACTORY APPLIED
WALNUT WOOD GRAIN FINISH

For a look of luxury and beauty, Masonite's Misty Walnut is just the thing for your home, your office or your business establishment. Like all Masonite Products, Misty Walnut is easily worked with ordinary carpenter and wood working tools. As soon as it's up, it's ready to be enjoyed. You have no filling, staining or bleaching tasks to perform, for Misty Walnut is precision grained at the factory. And there's no waste with Misty Walnut. It's knot-free, with no defects of nature—no delamination. Panels are smooth and uniform in color and shading, eliminating matching problems. Best of all, Misty Walnut has no open wood grain to absorb dust, dirt or grease stains. Misty Walnut looks and stays cleaner longer and is cleaned in a jiffy with mild soap and water.

Attractively grooved, 16" o.c. Also available plain (without grooves) and in a random groove pattern.

Sizes: 4' x 8', — 1/4" thick.
Sq. Ft. 21 1/2c

OTHER MASONITE® PANEL PRODUCTS

MASONITE PRIMECOTE®

6 outstanding *Masonite Primecote Products*, ready for the finished coat . . . Standard Presdwood, Panelwood, Tempered Presdwood, Tempered Duolux, Ridgeline and Peg-Board. First coat is factory primed and sealed for you . . . saves you money and time on interiors and exteriors. Special Order

STANDARD PRESDWOOD®

Light brown color, hard, smooth surface on one side; screen impression on the other. Denser than most woods. Ideal for interior uses, as walls, ceilings, cabinets, toys, hobby work, etc.

Sizes: 4' x 6', 4' x 8', 4' x 10', 4' x 12' — 1/8" thick.
Sq. Ft. . . . 9c 1/4" thick . . . 11 1/2c

TEMPERED PRESDWOOD

Standard Presdwood tempered to extra hardness and strength. Resists abrasions and changes in temperature and humidity. Ideal for walls and ceilings wherever hard wear or temperature changes are anticipated — in bathrooms, utility rooms or in basements.

Sizes: 4' x 6', 4' x 8', 4' x 10', 4' x 12' — 1/8" thick.
4' x 8', 4' x 12' 1/4" thick . . . 20c

PANELWOOD

Like Standard Presdwood, but less dense. Mainly used for interior panels on walls and ceilings in living room, dining room, bedroom and in stores and offices. Perfect for porch and breezeway ceiling. Easy to work and install. Readily painted.

Sizes: 4' x 8' — 3/16" thick; 1/4" thick.

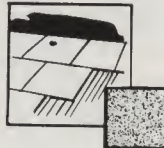

Special Order

LEATHERWOOD®

Has simulated, Spanish-grain leather pattern embossed into surface. Typical installations include offices, lounges, recreation rooms, libraries or dens. Unusual tone-on-tone effect obtained by finishing techniques.

Sizes: 4' x 8', 4' x 12', — 1/8" thick.
Sq. Ft. . . . 18c

UNDERLAYMENT

Like Panelwood, but planed on screen side for more precise uniformity of thickness. Intended for use over wood floors or wood sub-floors to provide a smooth flat surface for linoleum, asphalt tile, rubber tile, cork tile or carpeting.

Sizes: 4' x 4' — 1/4" thick Sq. Ft. . . . 11c

SEADRIFT

Deep textured splinter-free surface. Random groove plank pattern gives seadrift effect. Excellent for den, reception room and restaurants. You can use a natural finish such as penetrating sealer or varnish, plain colored paints, or tone-on-tone finishing.

Sizes: 4' widths to 16' lengths — 1/4" thick.

Special Order

TEMPERED DUOLUX®

Similar to Tempered Presdwood except both sides are smooth. Also denser, stronger, more resistant to moisture. Adaptable where both side of panel are exposed, as partitions, valances, built-ins, cabinet doors, sliding doors, and sliding shelves and trays.

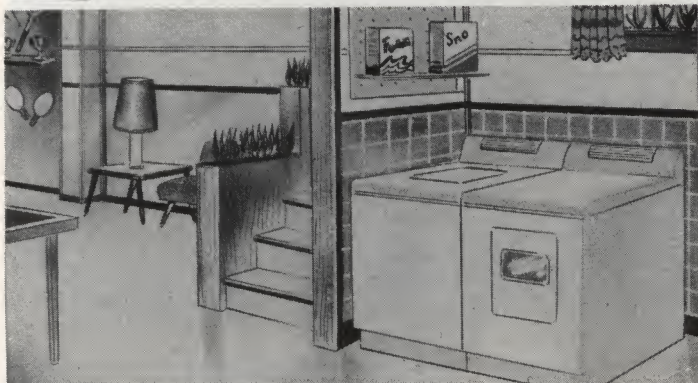

Sizes: 4' and 5' width to 16' lengths — 1/8", 3/16" and 1/4" thick.

YOUR BEST BUY IN WALL TILE

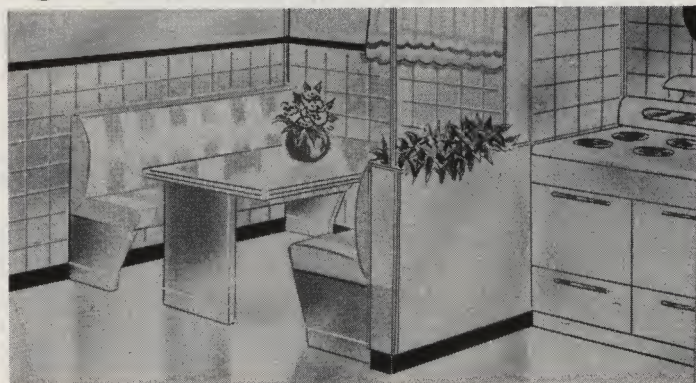

38¢ Sq. Ft.

It's Guaranteed

- 4 Modernistic Patterns
- 15 Glorious Colors
- Lifetime Super Melamine Heat Sealed Finish
- Makes Housekeeping So Much Easier

An attractive bathroom and kitchen work area are yours for a lifetime with handsome wall tile Panelboard! Each sheet of Panelboard is coated with a tough high gloss melamine finish that is baked on to assure long service. Tile blocks are 4½" x 4½" - true tile size. Guaranteed against chipping, cracking and peeling.

PLASTIC COATED WALL PANELS

Decorate to suit your taste with this large variety of wall panels. They range from rich wood finish paneling to practical peg-panels - all with the handsome baked-on melamine finish that provides long, easy-care service.

PANELGRAIN

Authentic photographic reproductions of beautiful wood paneling for "expensive" decorating at a moderate cost. Available in your choice of 5 "wood" finishes, all precision-matched and V-grooved.

4' x 4' Sheets 44¢ Sq. Ft.
4' x 8' Sheets

PANELPLANK

The same distinctive wood grain appearance as Panelgrain, with the added feature of a random plank effect. Choice of 5 "wood" patterns. Like Panelgrain, it may be installed without divider mouldings.

4' x 4' Sheets 44¢ Sq. Ft.
4' x 8' Sheets

MARBLETONE

Marbletone Panelboard successfully captures the luxury of marble... within the price range of everyone. Grecian marble patterns are available in 5 high gloss colors.

4' x 4' Sheets 44¢ Sq. Ft.
4' x 8' Sheets

PEARLTONE

Simplicity in design highlights these 4' x 8' Pearltone sheets. Baked-on melamine finish is available in Coral, Emerald, Sapphire, Turquoise, Platinum and Copper.

4' x 8' Sheets 44¢ Sq. Ft.

PASTEL COLORS

Plain melamine finished panels make excellent protective walls for kitchen, bath and recreation rooms. Easy to install and maintain. Available in Canary Yellow, Swan White, Mint Green, Blush, Dawn Grey, Lake Blue, Valley Rose and Black.

4' x 6' Sheets 38¢ Sq. Ft. 4' x 4' Sheets (White only) 4' x 8' Sheets

PANEL-PEG-1 8"

Handy Panel-Peg in ideal for home and commercial uses wherever working walls are desired.

1/8" Panel-Peg is made in a high gloss finish in all Panelboard pastel colors, wood finishes and marbltones. 3/16" holes on 1" centers.

2' x 4' 4' x 4' 4' x 8'

44¢ Sq. Ft.

PANELINE

Tops in modern styling for many rooms in the home. Ideal for recreation room. Available in your choice of 9 attractive colors.

4' x 4' Sheet 4' x 8' Sheet

Stainless steel and hardboard mouldings, adhesives and all necessary installation tools are available at our store.

TRIM IT YOURSELF! WITH CHROMTRIM ANOBRITE

This anodized aluminum moulding is perfect for decorating or remodeling indoors or outdoors. Its use lends a professional touch to do-it-yourself projects.

Available in 8 popular shapes to enable you to choose the proper design to fit your project. Chromtrim is treated to resist soiling and it requires no painting, thus keeping costs low.

EASY TO CUT

EASY TO BEND

SIMPLE TO INSTALL

Cut the moulding to the desired length by filing straight across and half way through. Bend back to break and file smooth. "Trim-It-Yourself" mouldings may be sawed if you prefer. Use a simple mitre box for greater accuracy.

To bend around corners, first nail the trim to the edge as far as the corner, then apply h and pressure to form the moulding to the surface as shown. Don't hold the moulding at the extreme end.

Special drive nails are furnished with Chromtrim. To prevent marring the metal, use a wooden block as shown to finish driving the nail.

"make your Kitchen the Livingest Room in your Home"...

It's the showplace...

Today, more and more of the daily life of the whole family is being centered in the kitchen. It is no longer just a place for preparing meals. A modern kitchen

can be the most livable room in your home... a show place in which both parents and children will be proud to entertain their guests.

It's the Time-Saver for Mothers...

Of great importance, too, is the time, steps and work... the stooping and reaching that Mother is saved in the expertly planned kitchen. From a wide selection of

cabinets, your kitchen can be personalized to fit both your space and your budget.

It's built to last a Lifetime...

It is the warm, lustrous beauty of wood... the gleaming good looks of stainless metals... bright, new colors... and stay-new scientific advancements such as plastic laminate counter tops, that bring this "Livability" into

your kitchen - "Livability" that lasts a lifetime with little care. And with a budget plan you can enjoy your new kitchen as you are paying for it.

**FREE

on FUEL BILLS

Gives you double protection

- Fire-safe rock wool, Twinsulation's heat-stopper No. 1!
- Reflective surface on all 4 sides, Twinsulation's heat-stopper No. 2! When facing 3/4" minimum air space, turns back radiated heat, keeps your home cooler in summer.
- Rock Wool sealed to cover-stays in place; makes a tougher stiffer blanket; easy to handle and install.

Make cool, drafty rooms snug and comfortable with the installation of this double-action insulation. Keeps your house warm in Winter... cooler in Summer. Fire-safe rock wool, an effective insulator in itself, combined with reflective aluminum makes a fine insulation that pays back the cost of its installation in fuel costs in short order.

Low Cost-Prefabricated POST AND RAIL FENCE

TWO-RAIL TYPE

An ideal fence for use around small residential homes, for boundary lines and floral backgrounds. Available in either Chestnut or Locust with rails of Chestnut, 11-ft. long.

Section consists of 1 post, plus 2 rails
As Low As **\$4⁰⁰**

THREE-RAIL TYPE

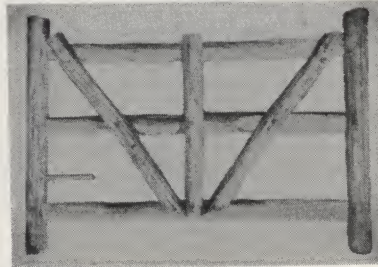

This popular type widely used for both residential and farm fencing. Also available in either Chestnut or Locust. Rails made of split Chestnut, 11-ft. long.

Section consists of 1 post, plus 3 rails
As Low As **\$5²⁰**

FOUR-RAIL TYPE

This fence offers the security of a fence with rails close together without compromising the natural beauty of Post and Rail Fence. Available in either Chestnut or Locust, Chestnut rails 11-ft. long.

Section consists of 1 post, plus 4 rails
Special Order Only

POST and RAIL GATES

Post and rail gates are made from selected materials for extra strength and durability. Extra heavy hinges are furnished with these gates. This strong, sturdy matching gate will add real beauty to your fence.

Special Order

INSTALL IT YOURSELF and SAVE...

Mechanical knowledge and expensive tools are not necessary to install a Post and Rail Fence. A crow-bar, a shovel and a post-hole digger (if you have one) are all that is required. Dig the first hole and set the post, tamping ground around same. Lay a rail on the ground from the first post toward the location of the second post. The center of the second post hole is 6" from the end of the rail. Rails are 11-ft. long, but posts are spaced approximately 10-ft. on centers, as the rails lap each other at each post. (Dig each post hole only when needed). Dig the second post hole and install the rails in the first and second posts, allowing rail to come through flush to the outside of the second post. Then set the post, tamping the ground. Now you have completed the installation of one section.

ADD EXTRA LIVING SPACE TO YOUR HOME!

ATTIC

If the family is getting too big for your home, an attic bedroom or den is an intelligent solution to this problem. With little more than adding flooring, insulation, paneling and trim most attics can be transformed into pleasant rooms. We will help you plan and build, or you can do it all yourself.

BASEMENT

Every family needs this room - especially the family with a couple of lively children. The walls may be painted or paneled, floor covered with resilient asphalt tile, ceiling finished with handsome tile. The heating is simple because the furnace is near. It's a perfect room for parties, too.

COLOR-STYLED HARDWOOD PANELING in Beautiful Decorator Colors...

There are no limits now on your decorating plans! Rich hardwood paneling, so desirable in its natural wood tone, is now also available in pre-colored and pre-finished form. Its rich, gracefully formed grain has been dramatized by natural-looking colors. You select from a large assortment of individual tints and colors that well-known color stylists have found particularly "right" for whole walls, or for accent areas, of any rooms you may be decorating.

Hardwood's interesting grain in decorator colors lets you establish a perfect visual balance of furniture, furnishings and walls. You can create any mood - any style you wish... modern, period, formal or casual.

Each of the variety of grain colorings has been chosen for its rich, full beauty when alone, or in combination with popular fabric patterns and prints.

Subtle changes in shading occur as a result of nature's own variation found in natural wood. Panels selected for each coloring are compatible in grain figure. Repeated plant controls, which are exercised by experienced panel craftsmen, assure the high degree of perfection necessary to faithfully reproduce your decorating scheme.

The economical luxury of color-styled hardwood paneling is evident in its low purchase price, quick and simple installation, easy care and cleaning, and permanence in both new-looking appearance and style.

The fabulous factory finish applied painstakingly to the colored panels not only brings out the delicate graining of each panel, but protects the panel so as to resist dirt, grease marks and stains - with only a wipe of a damp cloth to clean it, and a simple waxing to restore its original lustre after a long period of time.

Stop at your earliest convenience and see this new, luxurious decorating material.
